

ICON OFFSHORE

ASSET INTEGRITY POLICY

ICON OFFSHORE BERHAD is committed to providing and delivering reliable and high-performing assets ensuring smooth and seamless operation to our customers.

ICON is committed to:

- Identifying safety-critical equipment and develop a maintenance strategy in ensuring the reliability and availability of the asset.
- Having high visibility of the asset condition, resource allocation, and timely completion of asset maintenance and operation.
- Utilising process safety and barrier management methodologies to govern operation and maintenance of the ICON asset.
- Developing, planning, and executing operation and maintenance to comply with regulatory and standard requirements.
- Implementing Stop Work activities shall be implemented when equipment exposes to high-risk conditions in line with the ICON risk level.
- Ensuring the asset risks are managed to as low as reasonably practicable (ALARP) level by executing the preventive and corrective maintenance.
- Developing, training, and maintaining competent personnel in operating and maintaining ICON assets.

This Asset Integrity Policy shall be used by ICON OFFSHORE BERHAD and all its subsidiaries.
